

# Adding a Twitter Module to Your ePortfolio

If you use Twitter, you'll be happy to know that you can run your Twitter feed through your ePortfolio using the Twitter Module. To add your twitter feed to your ePortfolio, follow these steps.

1. Select or create the page you want to add the Module to. (See image 1.1)

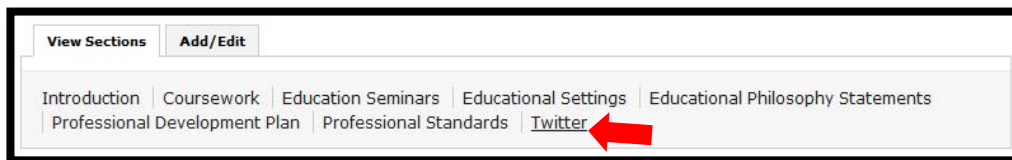

Image 1.1

2. Click the "Add A Module" button, select "Twitter" from the "Social" section and then click the "Add this Module" button. (See image 1.2)

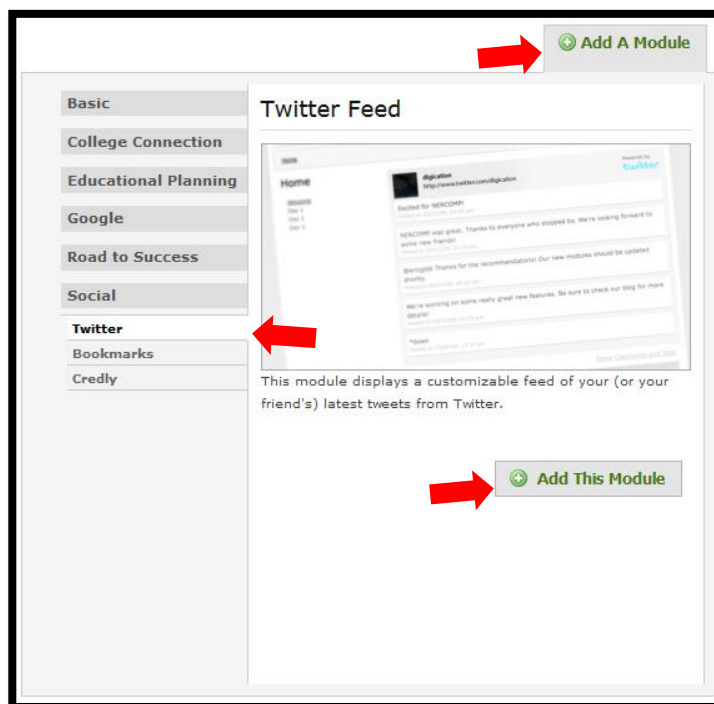

Image 1.2

3. In the "Settings" of the module you will be asked to enter the "Username." Type in the username of the twitter account and click "Save." (See image 1.3)
