

How to Upload a Video into Your Twitter Account

This tutorial will show you how to upload a video into your twitter account. ***NOTE: you cannot upload a video directly from your computer.*** The video must be uploaded to a hosting service (ex. YouTube, Vimeo, etc...), Twitter is not a video hosting service.

1. Login to your twitter account at [Http://twitter.com](http://twitter.com) (See image 1)

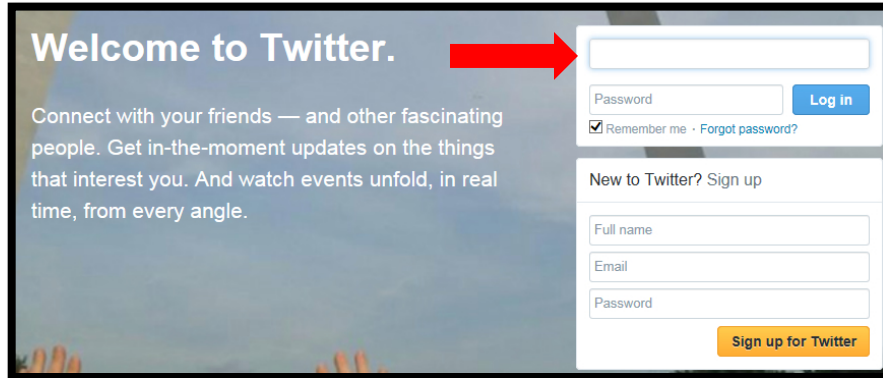

Image 1

2. On your home screen, click on the "What's happening?" text box or the "tweet" icon (See Image 2)

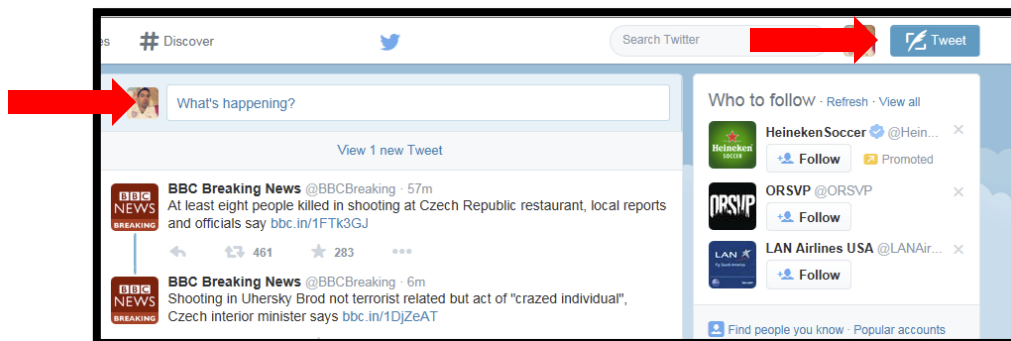

Image 2

3. You will then be prompted to post your tweet (See image 3)

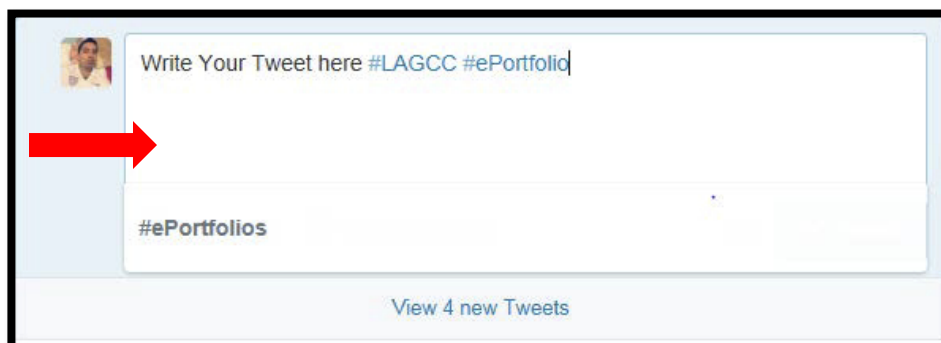

Image 3

4. Before you post your Tweet, open a different tab with the page of the video you want to post in your Tweet (Examples. YouTube, Vimeo & other video hosting services). (See image 4)

Image 4

5. While at the website with the video you want to upload to your tweet (in this example YouTube), highlight and copy the URL. (See image 5)

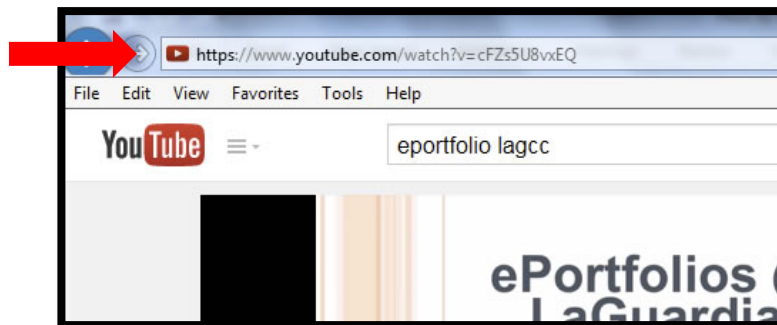

Image 5

6. Now that you have copied the link, go back to where you were writing your post on Twitter, paste the link and Click "Tweet." (See image 6)

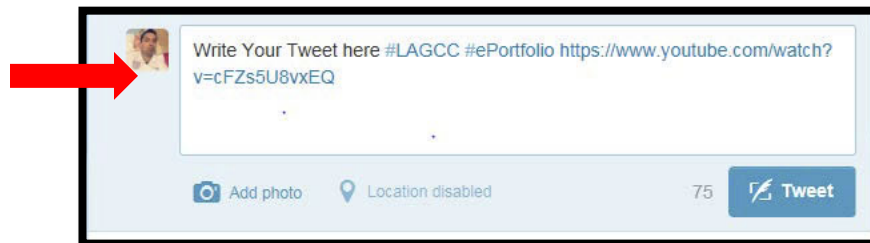

Image 6

- Next, you should see your Tweet on the feed page with your video shared for everyone to see. If you want to view the video from your Twitter page without having to click the link and go to the sources page, just click on the “View Media” button. (See image 7)

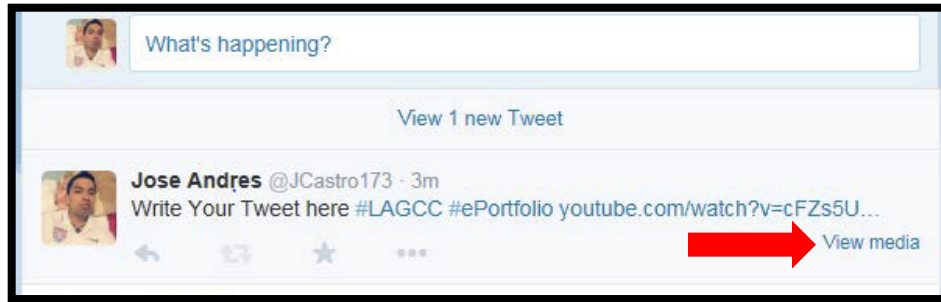

Image 7

- The Twitter post will expand and you will now be able to view the video through your twitter post. (See image 8)
