

Using the Google Forms Module

If you use “Google Forms” to create surveys or collect data, you’ll be happy to know that you can add your Google Form to your ePortfolio using the “Google Forms” module.

1. To add the “Google Forms” module to your ePortfolio, click the “Add A Module” button if the list of modules is not showing. (See image 1.1)

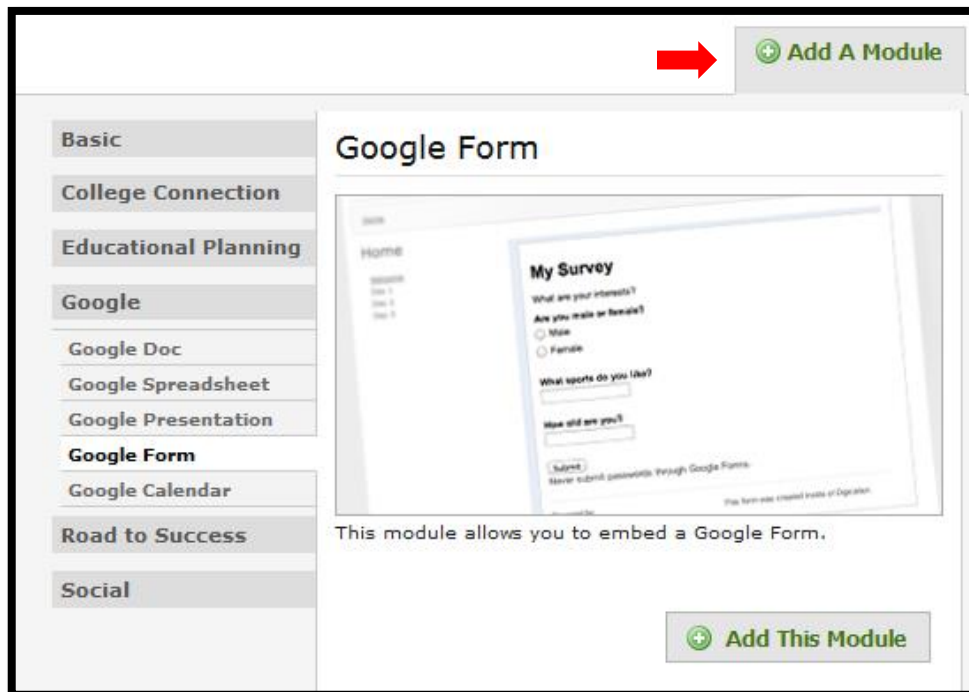

Image 1.1

2. From the list of modules, select the “Google” section. In the “Google” section, click “Google Forms” and then the “Add This Module” button. (See image 1.2)

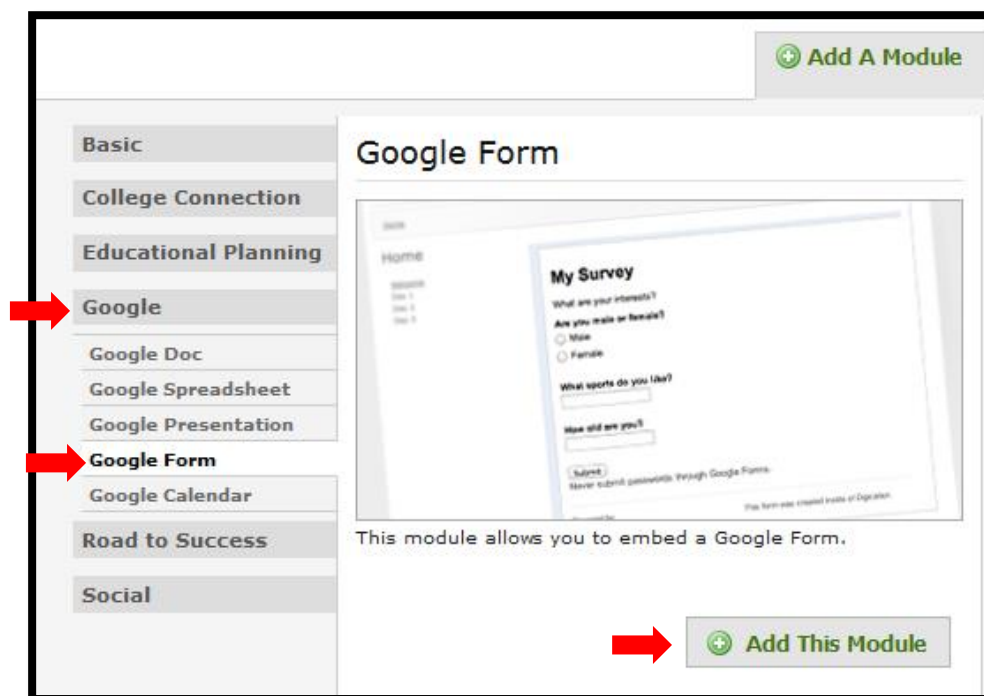

Image 1.2

3. The **“Google Forms”** module will be added to your page. In the **“Edit”** mode of the module you will see the steps you need to follow to add the Google Form to your ePortfolio. Follow the steps and click **“Save”** and then **“Publish.”** (See image 1.3)
